Candidate Workshop

Summer 2026
Program 45

Consulting Surveyors NSW

Information for BOSSI Candidates

Consulting Surveyors NSW has been tasked by the Board of Surveying and Spatial Information (BOSSI) to prepare graduates for the registration process.

In New South Wales to become a registered surveyor, you will firstly need to have gained a recognised qualification or equivalent and a Certificate of Competency. The current list of recognised qualifications can be found on the recognised qualifications page of the BOSSI website. If you have gained a qualification that is not on this list it will need to be assessed as an equivalent to a recognised qualification. Further information on qualifications gained outside of Australia and New Zealand can be found on the overseas assessment.

After obtaining your degree you will undertake prescribed training and work experience under the supervision of a registered surveyor and the undertaking of prescribed examinations conducted by the Board. On successful completion of the examinations, a candidate is then accredited by BOSSI as being proficient in the practice of surveying and is entitled to become registered as a land or mining surveyor, under the register held by the Surveyor-General.

For full details on BOSSI requirements for Candidates please visit the BOSSI Website at www.bossi.nsw.gov.au

Candidates Land Surveyors can take 3 competencies with CSNSW:

1. Town Planning
2. Strata and Community Title Schemes
3. Engineering and Design

Consulting Surveyors NSW runs workshops twice a year to help candidates prepare for the three above competencies of BOSSI Registration exams.

THE PROJECTS

1

Engineering Design

2

Strata & Community Titles

3

Town Planning

Candidate Workshop Term & Conditions

Required reading for every candidate

1. Registration with Board of Surveying and Spatial Information (BOSSI)
All participants must register with BOSSI as a Candidate Land Surveyor prior to commencing the pathway.

2. Practical Experience Requirement
Candidates are required to complete a minimum of 26 weeks of BOSSI-approved practical experience before becoming eligible to sit a BOSSI examination.

3. BOSSI Final Examination
The final examination is administered by BOSSI. Candidates must enrol directly with BOSSI and pay all associated examination fees to BOSSI.

4. Application for Final Assessment
All applications for the Final BOSSI Assessment must be submitted directly to BOSSI in accordance with their requirements.

5. Workshops are delivered at: CSNSW Office, Level 12, 49–51 York Street, Sydney NSW 2000.
Some components, including mid-term assessments and coaching sessions, may be delivered online.

6. Candidate Agreement
All candidates must complete the Candidate Agreement Form and submit it to: events@consultingsurveyors.com.au.
The form can be downloaded HERE (scroll to the bottom and select “print the form”).

7. Learning Materials
A digital workbook will be provided to candidates following confirmation of enrolment and payment.

8. Project Selection
Candidates are strongly encouraged to undertake their own project as part of the program.
If a suitable project is not available, please contact the CSNSW office.

9. Project Allocation Rules
Candidates from the same company or office are not permitted to undertake the same project.

10. Mid-Term Assessment
Candidates may request to defer the mid-term assessment; however, deferrals are only valid for the next available cohort.

11. Mentor Engagement
CSNSW strongly encourages Supervising and/or Mentoring Surveyors to attend the mid-term assessment session. Attendance may be in person or online, supporting candidate development and feedback.

The Fee
